The 2003 "Sogno" is a great follow-up to our 2002 release of our Cabernet Franc last year, and is an exciting wine! The 2002 "Sogno" was a wonderful wine, the 2003 is a more serious sister. The Cabernet Franc grape is predominately from the Sagemoor vineyards with hints of Cabernet Sauvignon from the Rosa Hills vineyard. The word "Sogno" means dream in Italian, and fitting for the wine. Our first impression of this wine and description was that the wine is very pretty with strong cherry, raspberry qualities, the nose very floral of the Cabernet Franc varietal with a very nice layering of oak. The wine is not big, bold and gutsy. It is elegant, supple and serious, and hard to put down.
